## SUBJECT INDEX VOLUME V

(ab.) = Abstracts; (CR) = Cardiac Resuscitation; (DS) = Diagnostic Shelf; (E) = Editorial; (LE) = Letter to the Editor; (PN) = Progress Notes in Cardiology; (QC) = Query Corner; (WC) = Workmen's Compensation

- Abdominal aorta**, balloon obstruction, hemodynamic effects of (ab.), 712
- Acetylcholine**, vasodepressor response to (ab.), 710
- Adenosine triphosphate therapy** for ventricular fibrillation, 77
- Adrenal medullary function** in cardiac insufficiency, 604
- Altitude, high**, patent ductus arteriosus and coarctation of aorta, 761
- American College of Cardiology**
- 1960 honors list, 723
  - 1960 workshop programs, 133, 289
  - Abstracts of ninth annual convention, 707-719
  - Convention neurosis, 724
  - Ninth annual meeting, scientific program, 567, 720
- Amine oxidase inhibitors** in treatment of angina pectoris, 634, (ab.) 719
- Anemia, sickle cell**, cardiovascular findings in children with (ab.), 716
- Aneurysm**
- of aorta causing obstruction of thoracic duct, 534
  - of pulmonary artery with dissection after Blalock operation, 560
  - ruptured traumatic, of aortic arch and coarctation of aorta, 849
- Anger and angina pectoris**, 421
- Angina pectoris**
- after electroshock therapy (QC), 288
  - amine oxidase inhibitors (Marplan and tersavid) in treatment of, 634
  - and emotions, 421
  - cardilate therapy for, 66
  - chlorothiazide therapy for (ab.), 713
  - comparison of internal mammary artery ligation and sham operation for, 483
  - in South African Bantu, 48
  - monamine oxidase inhibitors (Marplan, niamid, tersavid) (ab.), 719
  - pharmacodynamic approach to nitrites in, 66
  - surgical treatment of (E), 1
- Angiocardiography** in visualization of hypertrophy of left atrial appendage, 122
- Angiography**
- coronary (ab.), 713
  - in atherosclerosis obliterans, 72
- Announcements**
- Chicago round table of American College of Cardiology, 134
  - National resuscitation society news, 134
  - Sixth biennial cardiovascular seminar, 134
  - Sixth Inter-American congress of cardiology, 134
- Antibiotics** in prevention of primary episodes of rheumatic fever, 777
- Anticoagulant therapy**
- for rupture of heart, 14
  - in coronary artery disease with congestive heart failure (ab.), 717
- Aorta**
- abdominal, hemodynamic effects of balloon obstruction of (ab.), 712
  - coarctation of
    - and high altitude, 761
    - and ruptured traumatic aneurysm of aortic arch, 849
    - simultaneous surgery for aortic valvular stenosis and, 551
  - right descending, with left aortic arch (posterior or circumflex type), 546
- Aortic**
- aneurysm, obstruction of thoracic duct by, 534
  - arch
    - left, with right descending aorta, 546
    - ruptured traumatic aneurysm of, and coarctation of aorta, 849
  - incompetence, measurement of, 321
  - insufficiency and ventricular septal defects, 191, 266
  - pulse curve in aortic and mitral stenosis, 728
  - stenosis
    - combined with pulmonic stenosis, 855
    - ejection time in, 728
    - vs. syphilitic aortitis (DS), 860
  - valve insufficiency in arterial hypertension, 758
  - valvular stenosis, simultaneous surgery for, and coarctation of aorta, 551
- Aorticopulmonary septal defect**, diagnosis and successful treatment of, 273
- Aortitis, syphilitic**, vs. aortic stenosis (DS), 860
- Apresoline therapy** for ventricular fibrillation, 77
- Arrhythmias**
- see also Cardiac arrhythmias
  - and acute myocardial infarction, 487
  - and retrograde arterial catheterization, 493
  - in myocardial infarction, 24
  - Ro 2-5803 therapy in, 806, 811
  - ventricular, effect of potassium and digitalis on (ab.), 710
- Arterial**
- catheterization, retrograde, of left ventricle, 493
  - hypertension, aortic valve insufficiency in, 758
  - pressure changes and autoregulation of intestinal blood flow (ab.), 712
  - tree, peripheral, state estimated from electronic pulse wave studies (ab.), 707

January (pp. 1-134); February (pp. 135-290); March (pp. 291-432);  
April (pp. 433-570); May (pp. 571-724); June (pp. 725-878)

- Arteriography in diagnosis of coronary artery disease, 3  
 Arteriosclerosis of aortic arch causing subclavian-carotid artery obstruction syndrome, 849  
 Atherosclerosis  
   and hypertensive disease, 692  
   coronary, in South African Bantu, 48  
   hemodynamic concept of (E), 291  
   obliterans, angiography and plethysmography in, 72  
   Soviet investigation and interpretation of, 692  
 Atrial  
   appendage, left, extreme hypertrophy of, 122  
   fibrillation  
     after electroshock therapy (QC), 288  
     in myocardial infarction, 24  
   puncture, left, and mitral regurgitation (ab.), 718  
   tachycardia vs. ventricular tachycardia with bundle branch block (DS), 280  
 Atrioventricular  
   block treated with prednisone, 263  
   node, dissociation of pacemakers located within (DS), 564  
 Atrium, myxoma of, diagnosis and treatment of (ab.), 707  
 Atropinization, effects of, 300  
 Auscultation  
   in assessment of pulmonic stenosis, 758  
   in diagnosis of ventricular septal defects, 191  
   in mitral stenosis, 815  
   in mitral regurgitation, 836  
 Autoregulation  
   of intestinal blood flow (ab.), 712  
   renal (ab.), 709  
 A-V block  
   digitalis therapy for, 523  
   in myocardial infarction, 24  
 A-V conduction as determined by iodine staining, 688
- B**  
 Bacteremia and shock due to gram-negative bacilli (PN), 283  
 Bacterial endocarditis, subacute  
   following electroshock therapy (QC), 288  
   in India, 60  
 Ballistocardiogram in evaluation of cardiovascular aging process (ab.), 714  
 Balloon obstruction, hemodynamic effects of (ab.), 712  
 Bantu, cardiac disease in, 48  
 Barium swallow, cinefluorograms of (ab.), 711  
 Benzothiadiazine (thiazide) diuretics (PN), 428  
 Bile acid metabolism, current status of (ab.), 709  
 Bisacodyl and glycerin suppositories in acute myocardial infarction, 108  
 Blalock operation, pulmonary artery aneurysm with dissection after, 560  
 Blood  
   cholesterol levels after ingestion of  $I^{131}$ -triolein, 295  
   coagulation in elderly patients, 477  
   flow  
   intestinal, autoregulation of (ab.), 712  
   flow studies, hepatic (ab.), 718  
   lipid activity after ingestion of  $I^{131}$ -triolein, 295  
   pressure  
   at rest, 300  
   in ventricular fibrillation, 77  
   viscosity and intravenous fat emulsions (ab.), 716  
   volume, pulmonary capillary, effect of inflation of pressure suit on (ab.), 715
- Book reviews  
 Cabrera, E. *Tioria and Practica de la Electrocardiografia*, 432  
 Espino-Vela, J. *Malformaciones Cardiovasculares Congenitales*, 432  
 Hsia, D. Y-Y. *Inborn Errors of Metabolism*, 284  
 Ingle, D. J. *Principles of Research in Biology and Medicine*, 284

 Waife, S. O. and Shapiro, A. P. *A Clinical Evaluation of New Drugs by 14 Authors*, 284  
 Wiggers, C. J. *Reminiscences and Adventures in Circulation Research*, 431
- Brachial artery thrombosis and retrograde arterial catheterization, 493  
 Bronchomotor tone in regulation of pulmonary artery pressure, 328  
 Bundle branch block  
   experimental bilateral, 799  
   in myocardial infarction, 24  
   right  
   confirmed by vectorcardiogram, 349  
   in pulmonary emphysema, 339  
   ventricular vs. atrial tachycardia (DS), 280
- C**  
 Calcification and mitral stenosis, 815  
 Carbon monoxide, effect of inflation of pressure suit on pulmonary diffusing capacity for (ab.), 715  
 Cardiac  
   adrenergic preponderance due to lack of physical exercise, 300  
   arrhythmias  
   see also Arrhythmias  
   caused by norepinephrine, 619  
   effect on circulation of vital organs (ab.), 711  
   relation between pressor therapy and, 487  
   asystole, treatment of (CR), 285  
   catheterization  
   see also Catheterization  
   in diagnosis of cardiac failure in infants and children (PN), 130  
   in ventricular septal defect with aortic insufficiency, 266  
   in ventricular septal defects, 136  
   enlargement, bizarre, feature of pericardial tumors, 122  
   failure  
   see also Heart failure  
   cause of (PN), 130  
   due to ischemic myocardial degeneration, 48

- in infants and children (PN), 130
  - new concept of, 383
  - of unknown etiology, 48

- V**agal stimulation for coronary nodal rhythm, 781
- Valsalva maneuver, electrocardiographic changes produced by, in healthy adults, 473
- Vascular  
hemodynamics and catecholamines in hypotensive and normotensive subjects, 652

- reactivity of catecholamines, influence of antihypertensive and hypertensive substances to, 640
- Vasoactivity of catecholamines in man, 660
- Vasodepressor
  - agents, increased response in hypertension, 649
  - response to ganglionic stimulating doses of acetylcholine (ab.), 710
- Vasopressor agents, increased response to, in hypertension, 649
- Vectorcardiogram
  - evolution of, of normal infant, 439, 450
  - in assessment of pulmonic stenosis, 758
  - in chronic Chagas myocarditis, 349
  - in direct posterior wall myocardial infarction (ab.), 716
  - in ventricular septal defect, 199
  - normal, of children, 457
  - normal QRS, in infants and children (ab.), 709
  - of normal infant, transition toward adult patterns, 450
- Vectroelectrocardiogram, simple method of recording and interpreting spatial electrical fields of heart, 390
- Vena cava, superior, patch grafts in surgery of (ab.), 715
- Venous thrombosis correlated with myocardial infarction, 41
- Ventricle
  - left, retrograde arterial catheterization of, 493
  - right, origin of both great vessels from (ab.), 714
  - influence of sympathetic stimulation and catecholamines on ectopic impulse formation in, 589
- Ventricular
  - arrhythmias, effect of potassium and digitalis on (ab.), 710
  - fibrillation, evaluation of drug therapy for, 77
  - gradient in normal infants and children, 464
  - hypertrophy in infants and children diagnosed by vectorcardiogram, 450
  - hypertrophy, right, in pulmonary emphysema, 339
  - premature beats, new approach for recognition of, 358
  - septal defect
    - anatomy, physiology and natural history of, 136
    - associated with pulmonary hypertension, infundibular pulmonary stenosis, aortic insufficiency, Eisenmenger's complex and tetralogy of Fallot, 191
    - auscultatory and phonocardiographic signs of, 191
    - clinical findings in, 185
    - current research in surgery of, 242
    - electrocardiogram and vectorcardiogram in, 199
    - isolated, 176
    - physiologic and hemodynamic observations in, 167
    - results for surgery of, 239
    - selection for surgery of patients with, 223
    - size of defect factor in, 136, 176, 185, 208
    - surgical treatment of, 234
    - symposium on, 135-242
    - with aortic insufficiency, 266
  - standstill, thumping of precordium in, 30
  - tachycardia
    - importance of differential diagnosis in evaluating treatment (DS), 280
    - vs. atrial tachycardia with bundle branch block (DS), 280
- Ventriculo-ventricular dissociation, 789
- Vital organs, effect of cardiac arrhythmias on circulation of (ab.), 711
- Workmen's compensation for the cardiac
  - Does permanent partial disability continue after recovery from myocardial infarction, 864
- Xylocaine in treatment of ventricular fibrillation, 77
